LEADERSHIP
COUNCIL

CORPORATE SPONSORSHIP PROGRAM

You and the Humane Society of Missouri (HSMO) share something special – dedicated professional women who make significant contributions to both their workplace and their communities.

The HSMO's Women's Leadership Council (WLC) is at the heart of our efforts to help abused, neglected and abandoned animals throughout Missouri. They have the passion and the ideas to connect with other animal lovers in your organization. Affinity groups of like-hearted people have been shown to help employers attract more diverse candidates, reduce turnover and increase employee morale.

WLC members have enjoyed virtual events in recent months like this Yappy Hour and the Monthly Book Club.

This year the WLC is raising vital funds for Operation SNIP, HSMO's Spay and Neuter Incentive Program. With a fundraising goal of \$150,000, the WLC will make a real difference in helping to address the pet overpopulation problem in Missouri. These efforts will reduce the number of homeless animals left to fend for themselves.

Like most non-profit organizations, HSMO is experiencing a loss of revenue from the cancellation of our annual special events. Sadly, we have had to cancel Glow in the Park and Bark in the Park and we have postponed our 150th Anniversary Gala. Our affiliate groups, like the WLC, are helping us meet our fundraising goals this year by finding new ways to engage animal lovers through virtual events and corporate support.

We invite you join us as a corporate sponsor of HSMO's Women's Leadership Council by making your tax-deductible gift today.

Corporate Sponsors will receive:

- Logo Placement on the WLC website (www.hsmo.org/WLC)
- Mentions in social media
- Logo Placement and mentions in WLC event promotion

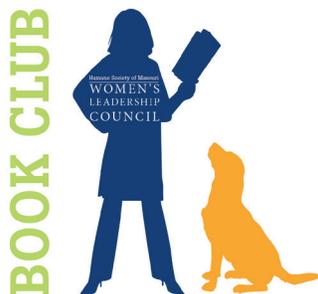

Your contribution will make a real difference in controlling the pet population and in providing a safe and caring haven to animals in need. Your participation will be greatly appreciated by HSMO and your animal loving employees.

EVENT SPONSORSHIPS

HOLIDAY Party

EXECUTIVE
SPEAKERS
SERIES

Holiday Party The WLC Holiday Party is always a wonderfully festive celebration. This year-end party is the perfect setting to thank members for their hard work, generosity and dedication to ensuring that animals are provided second chances that they deserve.

Executive Speakers Series Each year the WLC invites local, professional women who have excelled in their careers and who are making a meaningful impact in our community to share their stories, experiences and advice through our Executive Speakers Series. These informative, interesting and fun events are a great opportunity for WLC members to learn, network and grow.

Yappy Hours Several times a year the WLC coordinates Yappy Hours that can include an interesting speaker, a fun topic or an animal-related activity. In this time of COVID-19, Yappy Hours are virtual, but we look forward to gathering again in-person when it is safe to do so.

Monthly Book Clubs Every month a WLC member selects a book and moderates a virtual discussion on a wide variety of topics from great authors. Sometimes even the author will join the conversation! These lively and insightful conversations are a great way to connect like-minded women who enjoy reading and learning.

Our Company Would Like to Support the Humane Society of Missouri's Women's Leadership Council

We would like to support the WLC in the following way:

- \$10,000 Mastiff
- \$7,500 Bloodhound
